

This week's programming focuses on English language arts, mathematics, and English for Speakers of Other Languages (ESOL). Programs vary in length from 10 – 22 minutes.

Each week, the schedule will be updated and will feature additional subjects such as science, health, and fine arts. Health and physical education teachers are creating taped mini-exercise and stretch routines. The schedules for each week will be shared via social media and will be available on the BCPS website in the coronavirus update section.
